Parental Awareness of Unique Environment Full Immersion Program

- The immersion program at ISL is not French or Spanish government sanctioned or accredited program.
- The curriculum set forth by the state of Louisiana and all of its relevant grade level expectations are being taught to my child in French or Spanish.
- Class work and homework will be done in French or Spanish and not necessarily accompanied by English translation.
- Students do not receive formal English Language Arts instruction until the 2nd grade.
- Math, Social Studies, Science and other core curricula subjects are taught in French or Spanish until students reach the 6th grade.
- While teachers are certified in their native countries and many are sent to us via Louisiana government initiatives such as CODOFIL, each teacher's English proficiency may vary.
- My child may not enter one target language program and then switch to the other target language mid-year or any subsequent academic year. If you wish to attempt changing your language selection after enrollment you must go through standard admissions procedures including timely submission of an application and entrance observation or exam and/or language fluency exam.
- Each family is required to contribute a minimum of 20 hours of volunteer service during the school year.
- I must live in the state of Louisiana in order to register my child for school. If I cannot provide proof of residency by the first day of school, placement in the school will be withdrawn immediately and offered to a Louisiana state resident.
