

2020-2021 Pupil Progression Plan

Revised August 2020

Local Education Agency:

International School of Louisiana

Background and Purpose

Louisiana state law (R.S. 24.4) requires local education agencies (LEAs) to establish a comprehensive Pupil Progression Plan based on student performance on the Louisiana Educational Assessment Program with goals and objectives that are compatible with the Louisiana Competency-Based Education Program and which supplements the minimum standards approved by the State Board of Elementary and Secondary Education (BESE). **The plan shall address student placement and promotion** and shall require the student's mastery of grade-appropriate skills before he or she can be recommended for promotion.

The law states that "particular emphasis shall be placed upon the student's proficiency in grade-appropriate skills which may be considered in promotion and placement; however, each local school board shall establish a policy regarding student promotion and placement." The law goes on to require the state Department of Education to establish, subject to the approval of BESE, the level of achievement on the fourth and eighth grade LEAP test_in mathematics, English language arts, science, and social studies_needed for students to advance to grades five and nine. BESE must also determine the nature and application of various intervention options to be used when students fail to meet the minimum academic standards approved by the board.

BESE has established minimum standards in [Bulletin 1566 – Pupil Progression Policies and Procedures](#), that relate to placement, promotion, and supports and interventions for students not meeting minimum academic standards. BESE has also approved regulations pursuant to state law that relate to placement and promotion in [Bulletin 741 – Louisiana Handbook for School Administrators](#), which includes but is not limited to instructional time, grading policies, credit recovery, and graduation requirements. These bulletins also adhere to federal and state laws and regulations that govern the placement and promotion of students with disabilities, English learners, and transfer students.

The purpose of this document is to assist LEAs in developing their required Pupil Progression Plan in accordance with applicable laws and regulations, and to codify LEA policies and procedures related to student placement and promotion. In each section of this document, language that conforms to applicable laws and regulations has been prepopulated. Space is provided for LEAs to add any additional local policies and procedures that fulfill the mandate of the law and support students in acquiring proficiency in grade-appropriate skills. Once completed, submitted to the Louisiana Department of Education, and published locally, teachers shall determine promotion or placement of each student on an individual basis. LEAs may review promotion and placement decisions in order to ensure compliance with their established policy, and reviews may be initiated by a school's governing body, the local superintendent, or a student's parent or legal custodian.

Questions about this document should be directed to ppp@la.gov.

Placement of students in Kindergarten and Grade 1

Kindergarten

Schools can only make recommendations to parents regarding student enrollment in kindergarten, since kindergarten is not mandatory. However, in accordance with state law (R.S. 17:221), once students have enrolled in kindergarten, they are subject to compulsory attendance laws and promotion requirements set forth by the LEA.

Every child, as a prerequisite to enrollment in any first grade of a public school, shall meet one of the following criteria:

- attended a full-day public or private kindergarten for a full academic year; or
- passed an academic readiness screening administered by the LEA at the time of enrollment for first grade

The minimum age for kindergarten shall be one year younger than the age required for that child to enter first grade. Each local educational governing authority, by rule, may provide for a child of younger age to enter kindergarten, provided that such child has been evaluated and identified as gifted in accordance with state regulations for such evaluation.

Grade 1

- Any child admitted to kindergarten pursuant shall be eligible to enter first grade upon successful completion of kindergarten, provided all other applicable entrance requirements have been fulfilled.
- The age at which a child may enter the first grade of any public school at the beginning of the public school session shall be six years on or before September thirtieth of the calendar year in which the school year begins.
- Any child transferring into the first grade of a public school from another state and not meeting the requirements herein for kindergarten attendance shall be required to pass an academic readiness screening administered by the LEA prior to the time of enrollment for the first grade.

In the space below, please describe any additional placement considerations or policies required by the LEA. Include the names of any required assessments and explain how results will be used.

- Students who wish to enter the 1st grade after September 1 must demonstrate grade-level proficiency in their desired target language, as indicated by scores of 80% or above on all sections of ISL's 1st grade admission assessment.

Placement of transfer students

A student who has transferred from a public school, in- or out-of-state, or a nonpublic school, shall be granted credit for work completed in the previous school. A properly certified transcript shall be required with the student's record of attendance, levels of achievement, history of immunization, and units of credit earned.

Evaluation information for exceptional students transferring from another school system shall be reviewed by pupil appraisal and approved by a supervisor of special education before the student is enrolled in a special education program.

Students in grades 5 and 9 transferring to a public school from any in-state nonpublic school, any approved home study program, or a Louisiana resident transferring from any out-of-state school, shall be required to pass the English language arts and mathematics portions of the LEAP placement test.

Update to template for 2020-2021 school year:

Students who transfer from homestudy, nonpublic or out-of-state schools and are enrolling in grades 5 or 9 in 2020-2021 do not have to take the state placement test, although the test remains available.

In the space below, please describe any additional considerations or local policies related to placement of transfer students.

For entrance into Grade 2 or beyond, students seeking admission are required to pass an entrance evaluation in the language for which they are applying (80% and above is considered passing). Students are expected to be proficient in French or Spanish appropriate to their grade level; their reading, listening, written and oral skills will be tested. Students must also demonstrate grade level proficiency in core courses. Proficiency will be assessed using school-approved grade level assessments in the target language.

- A student who has been promoted to the next grade level by their sending (prior) school will not be allowed to "repeat" a grade in order to compensate for a lack of grade level target language proficiency.
- For students applying from abroad, ISL will assign the most appropriate grade level considering performance on the entrance exam and student age.

Promotion for students in kindergarten and grades 1, 2, 3, 5, 6, and 7

Teachers shall, on an individual basis, determine the promotion of each student according to the local Pupil Progression Plan. Particular emphasis shall be placed upon the student's proficiency in grade-appropriate skills.

In the space below, please describe the LEA's policies and procedures that will be used to determine promotion for students in Kindergarten and Grades 1, 2, 3, 5, 6, and 7.

Kindergarten and 1st grade: Criteria for promotion or placement is based on a student's academic performance (student has achieved a 3 in Language Arts, Mathematics, Social Studies and Science), developmental readiness to move to the next grade, and attendance (student has no more than ten [10] days of unexcused absences).

- 2nd grade – 7th grades (excluding 4 and 8): Promotion occurs provided that a student achieves a 3 in Language Arts, Mathematics, Social Studies and Science and has no more than ten (10) days of unexcused absences. Language Arts includes both Target Language Arts and English Language Arts.
- Campus principal/designee will review and may either approve or reverse each determination of student promotion made by a teacher at the school.
- The LEA, through its Head of School, may grant a waiver on behalf of individual students who otherwise meet the school's promotional standards (including completion of coursework and proficient scores on state tests) but have more than 10 unexcused absences.

Promotion of students in grade 4

Each LEA shall identify third and fourth grade students who have not met an acceptable level of performance that would enable them to successfully transition to the next grade level. Fourth grade students who have not met the acceptable level of performance may be retained or promoted, but in either case, shall be provided with an individual academic improvement plan that adheres to the following requirements:

- The school shall convene an in-person meeting with the student's parent or legal custodian, all teachers of core academic subjects, and specialized support personnel, as needed, to review the student's academic strengths and weaknesses, discuss any other relevant challenges, and formulate an individual academic improvement plan designed to assist the student in achieving proficiency in all core academic subjects. All participants shall sign the documented plan and meet to review progress at least once more before the next administration of the LEAP assessment.
- The student shall be provided with focused, on-grade level instructional support that is appropriate to the content area(s) in which the student has not yet achieved proficiency. Instruction shall be aligned with state academic content standards.
- The student shall be identified as requiring an academic improvement plan in the state Student Information System (SIS).

- The student shall be afforded the opportunity to receive grade-level instruction during the summer.
- Each LEA shall adopt a written policy pertaining to the development of individual academic improvement plans. This policy shall be included in the Pupil Progression Plan.
- The Department shall audit a random sampling of students identified as needing an individual academic improvement plan in each local education agency each year.

The LDOE will provide to each LEA a roster of third and fourth grade students who have scored below the “Basic” achievement level in at least two core academic subjects. Such roster will assist the LEA in making final determinations relative to students’ required individual academic plans.

- The decision to retain a student as a result of his/her failure to achieve the standard on the LEAP shall be made by the LEA in accordance with this pupil progression plan.
- The individual academic improvement plan shall continue to be in effect until such time as the student achieves a score of “Basic” in each of the core academic subjects that initially led to the development of the student’s individual academic plan.

In the space below, please describe any local policies or additional considerations used to determine promotion of students at the end of the fourth grade.

Students who require the development of individual academic improvement plans (IAIP) will be referred to the The School Building Level Committee (SBLC).

- The SBLC is a decision-making group that meets at regularly scheduled times to solve problems or address concerns from teachers, parents, or other professionals on individual students who are experiencing difficulty in school because of academic and/or behavior problems.
 - This committee complies with policies and guidelines listed in Bulletin 1566, Bulletin 1508, and Bulletin 1903.
 - The International School of Louisiana SBLC may be comprised of :
 1. Education Services Coordinator
 2. the child's teacher(s)
 3. Principal (or appropriate administrator);
 4. Other professional persons knowledgeable about the child and/or the suspected condition(s) in the individual school setting.

Promotion and support of students in Grade 8

Regular Grade 8 Promotion

Eighth grade students shall score at least at the “Basic” achievement level in either English language arts or mathematics and “Approaching Basic” in the other subject in order to be promoted to the ninth grade. Students who do not meet the promotion standard after taking the eighth grade state assessments in the spring may be placed on a high school campus in the transitional ninth grade. For any student who recently completed the eighth grade and is transferring into the LEA from another state or country after the completion of summer remediation, the LEA shall review the student’s academic record to determine appropriate placement in ninth grade or transitional ninth grade. Such placement shall occur no later than October 1 of each school year.

Grade 8 Promotion Waivers

The LEA may waive the state policy for students scoring at the “Unsatisfactory” level in English language arts or mathematics, if the student scores at the “Basic” level in the other, provided that the student has participated in the spring administrations of LEAP and has attended the summer remediation program offered by the LEA.

An LEA, through its superintendent, may grant a waiver on behalf of individual students who are unable to participate in LEAP testing or unable to attend LEAP summer remediation, including summer remediation required for placement in transitional ninth grade, because of one or more of the following extenuating circumstances as verified through appropriate documentation:

Physical Illness—appropriate documentation must include verification that the student is under the medical care of a licensed physician for illness, injury, or a chronic physical condition that is acute or catastrophic in nature. Documentation must include a statement verifying that the illness, injury, or chronic physical condition exists to the extent that the student is unable to participate in remediation.

Custody Issues—certified copies of the court-ordered custody agreements must be submitted to the LEA at least ten school days prior to summer remediation

Transitional 9th Grade

Any first-time eighth grade student who does not meet the passing standard set forth in BESE Bulletin 1566, §703, and any student not eligible for any waiver pursuant to §707 of the bulletin, after completing summer remediation, may be placed on a high school campus in transitional ninth grade.

LEAs shall follow the guidelines set forth in §703 to determine, based on evidence of student learning, whether eighth grade students may be promoted to the ninth grade or placed on a high school campus in transitional ninth grade. The percentage of an LEA’s eighth graders placed in transitional ninth grade is expected to remain stable over time. In the event that the percentage of an LEA’s eighth graders placed in transitional ninth grade exceeds the percentage of eighth graders in that LEA eligible for transitional ninth grade at the conclusion of the prior school year, the local superintendent of that LEA shall provide a written justification to the state superintendent.

The initial decision to place a student in the transitional ninth grade or to retain a student in the eighth grade shall be made by the school in which the student is enrolled in the eighth grade, in consultation with the student’s parents.

The LEA shall admit transitional ninth grade students, subject to any admissions requirements approved by the school’s governing authority or charter authorizer.

For any student who recently completed the eighth grade from another state or country and is transferring into the LEA after summer remediation has taken place, the LEA shall review the student’s academic record to determine appropriate placement in ninth grade or transitional ninth grade. Students placed in the transitional ninth grade shall complete the remediation program offered by the LEA. Such placement shall occur no later than October 1 of each school year.

After one full year of transitional ninth grade, students shall be included in the ninth grade graduation cohort for high school accountability purposes.

Students enrolled in transitional ninth grade shall receive appropriate academic supports in any subjects in which they did not score at or above proficient, as determined by BESE. A plan outlining such academic supports shall be included in the student's individual graduation plan (IGP). Progress pursuant to such specified academic supports shall be reviewed at least once throughout the school year in order to determine effectiveness and any needed adjustments.

In the space below, please describe any local policies or additional considerations used to determine promotion of students at the end of the eighth grade.

- *The Head of School will review and approve requests from principals regarding 8th grade regular promotions and promotion waivers.*

High School Considerations

Instructional Minutes

When awarding credit based on instructional time, LEAs shall provide a minimum of 7,965 instructional minutes for one Carnegie credit, and students shall be in attendance for a minimum of 7,515 minutes. In order to grant one-half Carnegie credit, LEAs shall provide a minimum of 3,983 instructional minutes, and students shall be in attendance for a minimum of 3,758 minutes.

Individual Graduation Planning

By the end of the eighth grade, every student (with the assistance of his parent or other legal custodian and school guidance personnel, counselor) or IEP team (when applicable) shall begin to develop an [Individual Graduation Plan](#) (IGP). An IGP guides the next academic year's coursework, assisting students in exploring educational and career possibilities and in making appropriate secondary and postsecondary education decisions as part of an overall career/post-secondary plan.

Financial Aid Planning

Louisiana requires public school students graduating spring 2018 and beyond to take one of the following steps as part of their Individual Graduation Plan:

- [Complete the FAFSA](#); or
- [Complete the Louisiana TOPS form](#); or
- Certify a waiver in writing to the LEA (sample: [non-participation LEA form/Letter](#)); or
- Receive a waiver through the district hardship waiver process.

Early Graduation

Each LEA shall develop an early graduation program allowing students to accelerate their academic progress, complete all state graduation requirements, and receive a high school diploma in less than four years.

- The early graduation program may include distance education (§2326), dual enrollment (§2327), and Carnegie credit and credit flexibility (§2314).
- LEAs shall not have any policies or requirements that would prevent students from graduating in less than four years.

Credit Recovery

Students may earn a maximum of seven credit recovery units that may be applied towards diploma graduation requirements and no more than two Carnegie units annually. The school system must annually report to LDE the rationale for any student:

- receiving more than two credit recovery credits annually; and/or
- applying more than seven total credit recovery Carnegie units towards graduation requirements.

Students earning Carnegie credit in a credit recovery course must have previously taken and failed the field. Previously attempted coursework is considered an academic record and must be recorded on the official transcript.

Completed credit recovery courses must be recorded and clearly labeled on the official transcript.

Students enrolled in credit recovery courses are not required to meet the instructional minute requirements found in §333 (Part A).

Credit recovery courses must be aligned with state content standards and include a standards aligned pre-assessment to identify unfinished learning and a standards aligned post-assessment to demonstrate course proficiency for content identified as non-proficient.

Credit recovery courses taught in a classroom setting using online courses designed for credit recovery must have an assigned certified Louisiana teacher of record or certified teacher of record recognized through a state reciprocity agreement facilitating the instruction.

The end-of-course exam weight in a student's final grade determined by the LEA must be the same for a traditional course and a credit recovery course. Students who have previously passed the end-of-course exam, but have failed the course, may choose to retain the previous end-of-course exam score in lieu of participating in an additional administration of the exam.

NCAA Policy

Nontraditional Courses

Courses include classes taught online or through blended learning, distance learning, credit recovery, independent study, or similar means. For a nontraditional program to be approved, the courses must meet the following requirements:

- The courses must meet NCAA course requirements.
- The courses must have ongoing and regular teacher-initiated interaction for the purposes of teaching, evaluating, and providing assistance throughout the duration of the course. Examples include synchronous or asynchronous instructive interaction, including emails, videoconferencing, online chats, phone calls, and feedback on assessments.
- The courses must have a defined time period for completion. This means the nontraditional program must identify the fastest and slowest paths to successfully complete a course.

Nontraditional courses could fail to meet NCAA core-course requirements for any of the following reasons:

- Does not require regular and ongoing instructive interaction between the student and teacher throughout the duration of a course.
- Does not require students to complete the entire course.
- Allows students to take numerous courses at the same time, especially courses in the same subject area or that are sequential.
- Does not prepare students for four-year college classwork.
- Does not have official student grade records.

Information for school administrators

If a nontraditional course or program at your school has not yet been reviewed by the NCAA, please contact the [NCAA Eligibility Center](#) to begin the review process.

Credit recovery programs

For a credit recovery program to be approved, the courses must meet the following requirements:

- The courses must meet NCAA core-course requirements, and in some instances, nontraditional course requirements.
- The school must follow its credit recovery policies, regardless if the student is an athlete. The NCAA Eligibility Center may request the school's policy, if necessary.
- The credit recovery courses should be clearly identified as such on the high school transcript.
- Repeated courses must be substantially comparable, qualitatively and quantitatively, to the previously attempted course.

Distance and E-Learning Environments

Coursework completed via distance learning during the spring and summer of 2020 will not require a separate review. This guidance applies to students seeking college eligibility.

Students are encouraged to complete their NCAA-approved core-courses through the channels of instruction provided or recommended by their school, district, or state department of education.

In the space below, please describe any local policies or additional considerations used to determine the promotion of students in Grades 9 and above and to support their attainment of a high school diploma.

- N/A

Support for students

School year support

The individual academic plan for each student identified in §701 of BESE Bulletin 1566 will outline the responsibilities of each party for students who have failed to achieve the standards by the end of fourth grade.

The LEA will design and implement additional instructional strategies to move the students to grade-level proficiency by providing at least two of the following, which will be documented in the individual academic improvement plan:

- The student is placed in the classroom of a teacher who has been rated “Highly Effective” pursuant to his/her most recent evaluation or has achieved a value-added rating of “Highly Effective” pursuant to his/her most recent evaluation, or has documented evidence derived from state summative assessments of improving the academic performance of students having individual academic improvement plans in the past.
- The student completes summer remediation.
- Additional instructional time is provided during or outside of the school day to expose the student to high-quality instruction. This will not result in a student being removed from English language arts, mathematics, science, or social studies courses.
- The student is provided access to on grade-level instruction that is aligned to Louisiana State Standards, which may include some below grade-level content and support needed to address the student’s identified weaknesses.
- Remediation programs used throughout the school day and school year will not account for more than 35 percent of total instructional minutes.

The LEA will offer, at no cost, extended, on-grade level instruction through summer remediation to students who did not take the spring LEAP tests or who failed to meet the standard set forth in §701 and §703 of BESE Bulletin 1566. The LEA will provide transportation to and from the assigned remediation summer site(s) from, at a minimum, a common pick-up point.

Students with disabilities attending summer remediation will receive special supports as needed.

Summer remediation

Pursuant to state law (R.S. 17:24.4), LEAs shall continue to offer summer remediation to any student not meeting promotion standards as determined by BESE. Summer remediation programs will meet all of the following requirements:

- Uses curriculum determined by the Louisiana Department of Education to fully align to Louisiana State Standards (Bulletin 141 – *Louisiana Standards for English Language Arts*,

Bulletin 142 – *Louisiana Standards for Mathematics*, Bulletin 1962 – *Louisiana Science Content Standards*, and Bulletin 1964 – *Louisiana Social Studies Content Standards*).

- Utilizes teachers rated “Highly Effective” pursuant to the teacher’s most recent evaluation or have achieved a value-added rating of “Highly Effective” on the most recent evaluation.
- Limits remedial (below grade-level) instruction to only necessary and focused skills as identified from top-quality assessments and does not account for more than 35 percent of the total summer remediation instructional time.

Promotion and placement of certain student populations

Students with disabilities

Students with disabilities attending summer remediation shall receive special supports as needed.

IEP teams shall determine promotion to the next grade level for a student with a disability who fails to meet state or local established performance standards for the purposes of promotion. Such determination shall be made only if, in the school year immediately prior to each grade level in which the student would otherwise be required to demonstrate certain proficiency levels in order to advance to the next grade level, the student has not otherwise met the local requirements for promotion or has not scored at or above the basic achievement level on the English language arts or mathematics components of the required state assessment and at or above the approaching basic achievement level on the other (Bulletin 1530 §403).

English learners

The requirements of Title VI of the Civil Rights Act of 1964 are as follows:

- Establish procedures to identify language minority students.
- Establish procedures to determine if language minority students are Limited English Proficient.
- Establish procedures for age-appropriate placement and determine the specialized language services or program the district will use to address the linguistic and cultural needs of the Limited English Proficient student.

Limited English Proficient (LEP) students shall participate in the statewide assessments pursuant to Bulletin 118. Increasing the expectations for the academic content that students must master in grades K-12 requires a parallel increase in expectations for English language acquisition.

- Establish procedures to monitor former Limited English Proficient students for two years.
- Ensure that no LEP student shall be retained solely because of limited English proficiency.

In the space below, please describe any local policies or additional considerations related to the promotion and placement of students with disabilities, English learners, or other student populations.

ISL establishes and monitors compliance with civil rights requirements for students with disabilities through our grant management and compliance monitoring procedures, established in consultation with obligations for LEAs receiving IDEA funds. All LEA schools, whether they benefit directly from IDEA funds or not, are required to comply with all district monitoring requirements.

- ISL establishes and monitors compliance with civil rights requirements for English Learners through our grant management and compliance monitoring procedures, established in consultation with obligations for LEAs receiving Title III funds. All LEA schools, whether they benefit directly from Title III funds or not, are required to comply with all district monitoring requirements.
- ISL establishes and monitors compliance with civil rights requirements for students experiencing homelessness through our grant management and compliance monitoring procedures, established in consultation with obligations for LEAs receiving Title IIA and McKinney-Vento funds. All LEA schools, whether they benefit directly from Title IIA and McKinney-Vento or not, are required to comply with all district monitoring requirements.

Alternative education placements

Alternative schools/programs serve students who are not succeeding in the traditional educational setting and offer a venue that aids in preventing these students from dropping out of school. Alternative schools/programs provide educational and other services to students who have a variety of behavioral and other needs that cannot be adequately met in a traditional school setting. (Refer to Bulletin 741, §2903 and Bulletin 131)

In the space below, please describe the LEA's policies for placement of students in an alternative program or school, including any promotion policies that may differ from what was provided above.

- ISL's LEA does not include an alternative school. Orleans Parish students in need of a secure-care facility are automatically enrolled in the OPSB alternative education programs operating in the Youth Study Center and Orleans Justice Center. ISL students who reside outside of Orleans Parish who are interested in or in need of attending alternative schools/programs may enroll in such programs via their local district's enrollment system.

Due process related to student placement and promotion

In the space below, please describe the LEA's due process procedures related to student placement for regular education students, students with disabilities having an Individualized Education Program plan, and students having an Individual Accommodation/Section 504 plan.

Parents/guardians have the right to appeal any decision regarding placement and/or promotion to the principal of the campus the student attends. If the decision of the campus

leaders is unsatisfactory, families have the right to appeal to the Head of School or his/her designee. The Head of School or designee will conduct a hearing to review the complaint based on the merits of the case. The decision of the Head of School shall be final.

To appeal a decision:

- Within five (5) school days of receiving written notification of the campus principal’s decision, submit a written request for an appeal to the Head of School’s office. Include a copy of the written notification from the campus principal with the request for an appeal.
- The Head of School will notify the sender that the complaint was received. Within ten (10) school days the Head of School will make a final decision.

Additional LEA policies related to student placement, promotion, etc.

In the space below, please describe any additional LEA policies related to student placement and promotion, etc. that have not been addressed in other sections of this document.

Note: This may include course pre-reqs, class ranking, etc.

- A student may only be retained twice at ISL. Students may only be retained once in grades K-5 and once in grades 6-8.
- A student’s placement (with a specific teacher at a specific grade level) may be changed within the first 30 days of instruction in order to balance class size and composition. Parents/guardians will be notified in writing of the change by school administration.

ISL reports a student’s overall progress toward meeting the standards using a scale of 1-5:

GRADE	ACHIEVEMENT CODE
Meeting the standard at this time	5
Approaching the standard at this time	4
Beginning to work toward the standard at this time*	3
Struggling to work toward the standard at this time	2
Not demonstrating progress toward meeting the standard at this time	1

Incomplete work	I
-----------------	---

* A 3 is considered passing

ISL reports a student's behavior separately as follows:

BEHAVIOR GRADE	PERFORMANCE DESCRIPTOR	ACHIEVEMENT CODE
Independently and consistently demonstrates developmentally appropriate social skills and behaviors in the academic setting	E	Excellent
Demonstrates (with some scaffolding and support) developmentally appropriate social skills and behaviors in the academic setting	S	Satisfactory
Is unable to demonstrate appropriate social skills and behaviors in the academic setting	N	Needs Improvement

Overall progress in a subject is reflected by a letter grade given at the end of the semester. ISL uses standards based grading; letter grades are not derived from percentages.

LEA assurances and submission information

Assurance is hereby made to the Louisiana Department of Education that this International school of Louisiana 2020-2021 Pupil Progression Plan has been developed in compliance with all applicable federal and state laws and regulations. If any local policy outlined in this plan conflicts with federal or state laws or regulations, I understand that federal and state laws and regulations shall supersede the local policy.

Date approved by local school board or governing authority: _____

Superintendent

Board President
