## **SPECIAL DIET REQUESTS**

***Special diet requests will not be accommodated without a 2020-2021 school year diet prescription form on file. Forms can be found at [www.isl-edu.org/menu](http://www.isl-edu.org/menu) or in the front office resource center of each campus.***

**DISABILITY SPECIAL DIET REQUESTS** Federal and state regulations require a completed and current diet prescription form for any student with a special diet request. Special diet request forms are available on the school's website, directly from the Food Services Department or school nurse. Special diet requests will not be processed without a current school year form on file. Special diet request form(s) must be supported by a signed statement by a licensed medical authority by the state. Menu substitutions will only be served to students with a documented medical dietary need.

Students who cannot have cow's milk due to a medical condition must have a current school year diet prescription form on file, which must include the milk substitute prescribed by the physician.

**NON-DISABILITY SPECIAL DIET REQUESTS** Special diet requests for personal reasons (i.e., ethnic or religious) without a recognized medical disability may be accommodated at the discretion of the Food Services Director. The ISL Food Services Department is not required to make substitutions for non-medical reasons. However, students are allowed to refuse food items within the guidelines of offer vs. serve. Parents/guardians must submit a special diet form to the food service department for non-disability special diet requests.

Federal and State regulations require a completed and current diet prescription form for any type of change or substitution to a student's diet. The special diet prescription form will need to be completed by your child's physician or medical authority. We **will not** process a special diet request for your child until we receive the 2020 – 2021 School Year form.

**The form is located in the front office of each school campus and online at [www.isl-edu.org/Menu](http://www.isl-edu.org/Menu).**
