

## Clever

Students can access the Clever portal even if they don't have an ISL device or their Clever QR code. Please see the directions below on how to do so.

1. Navigate to the following [link](#).
2. If you have a computer with a webcam **and** you have your Clever QR code, you can log in on the right hand side where you see this graphic.

3. If you do not have both a webcam and your QR code, no problem! Simply type in "International School of Louisiana" in the highlighted search bar pictured below, and choose your campus.

# Log in

Search for your school

School name

4. Lastly, log in with your Gmail information. This will automatically log you into your Clever portal. From there, you can access i-Ready, Typing.com, BrainPOP, and any other resources your student's teacher may have linked to their page.
5. For additional assistance with this process, please see this great [video](#) on how to log into Clever from the above link.

## ISL Helpdesk

As always, if you need any technical support, helpdesk assistance will be available from Monday through Friday, 8am to 4pm. Please use the following email address for assistance: [techsupportstudent@isl-edu.org](mailto:techsupportstudent@isl-edu.org)
