

SIBLING APPLICATION FOR THE 2022-23 SCHOOL YEAR

Dear Parent/Guardian,

The NOLA-PS Common Application Process (NCAP, formerly OneApp) application window for the 2022-2023 school year opened on November 1, 2021. Sibling preference is available to siblings of currently enrolled ISL students whose application is submitted by the deadline, who apply to the campus at which the current sibling is enrolled (Uptown siblings applying for K-2 can choose to apply to Dixon and/or the Westbank Campus), and who submit the required documents by the application deadline.

Sibling preference will be granted **only** if the current ISL student **attends** ISL for the 2022-2023 school year. Please read this entire letter carefully for complete instructions, including a list of documents that must be submitted to ISL's Admissions Office.

1. Families apply online at www.EnrollNOLAs.com. The application deadline is January 21, 2022.

- Please make sure to link the current ISL student to the sibling so that the child receives sibling preference.
- Prospective candidates must rank ISL as their first choice to receive Sibling Preference.
- Prospective students in Grades 2-8 will be eligible for enrollment only if they are appropriately experienced in their language of study and successfully pass a language assessment in their target language (French or Spanish).
- Children must be five years of age by September 30, 2022 in order to enter Kindergarten for the 2022-23 school year.

2. After applying online, families must submit one of the following documents in order for a student to be approved for sibling preference: :

- Active government-issued documentation (ie. birth certificate) for the applicant and at least one current student of the school showing the same guardian OR
- Active government-issued documentation (ie. LA Café Statement) for the applicant and at least one current student of the school showing the same Louisiana address OR
- Recent letter dated within the past 120 days from a governmental agency showing a shared guardian or address
